

# Remote controlled **curtain tracks**

MOTORISATION SOLUTIONS FOR CURTAINS

# Elegance in motion

# Elegance

for your interior

Light and mood, ambiance and atmosphere, curtains can make a big difference. Bring an added touch of elegance to your interior by automating your curtains. With Somfy remote controlled curtain tracks opening or closing movements will always be gentle and stylish.

## Somfy remote controlled curtain tracks

- Adjust the natural light with a simple touch of a button
- Control your curtains with your smartphone or tablet with Somfy Connexoon RTS or the Somfy TaHoma® Smart Home solution
- Motor out of sight behind the curtain
- Gentle and silent movement
- Battery or mains powered
- A range of remote control options available
- In perfect harmony with your interior decoration

## Smooth motion

Somfy remote controlled curtains connect you to a whole new world of well-being and luxury. With a simple touch of your remote control or smartphone\*, adjust the position of your curtains with precision. Have them wide open, partly closed or fully closed and create the mood to match both your desires and your lifestyle.

Gently pull the fabric of the curtain and the motor starts automatically. Set the stop positions to your personal preference, to display a perfect fabric fall and set the speed of the motion as you wish. The motor starts and stops smoothly, ensuring a perfect operation. Connect the electric curtain tracks for wired control, or choose the 100% WireFree® option, battery powered and radio controlled, for an easy and great looking installation.

\* REQUIRES A SOMFY CONNEXOON RTS OR THE SOMFY SMART HOME SOLUTION, TAHOMA®

## An intuitive solution to make your life easier, **Connexoon RTS**

App control for your curtains. With the Connexoon RTS you can operate your Somfy motorised curtains and blinds from your smartphone. Anytime, anywhere. Intuitive, smart, simple to use! Your local Somfy dealer:

## About Somfy

In 40 years, Somfy has grown to be the market leader in motorised solutions and a specialist in home automation in and around the house. Somfy is a recognised manufacturer of electric motors, controls and sensors for outdoor awnings, roller shutters, window treatments, curtains, heating, garage doors, and lighting for homes and buildings. Smart Home by Somfy is home automation at its best: manual or automatic operation of electrical appliances no matter where you are. Somfy is active in 59 countries around the world, and Somfy products have proven their reliability with millions of consumers.

## Somfy, a guarantee of reliability

- Somfy products comply with all European safety regulations.
- Before Somfy products are installed in your home, they are extensively tested in advance.
- Five-year product guarantee on all Somfy motors and controls.

## Extensive dealer network

Somfy solutions are provided exclusively through specialised dealers. For addresses, go to the dealer locator on the Somfy website.
